

**REMARKS**

Claims 2-16 and 23-24 are pending in this application. Claims 1 and 17-22 have been cancelled. Claims 2 and 8 have been rewritten into independent claim format and tissue parts changed to valve leaflets for consistency with previously amended claim 1. Other claims also have been amended to change tissue part(s) to valve leaflet(s). In addition, "a" has been deleted before "shape memory" in claims 6 and 15 and a period has been provided at the end of claims 7 and 16. Claim 10 also has been amended to correct its claim dependency and to clarify that first and second needles and flexible members are being claimed. The amendment is believed not to introduce new matter.

Applicant appreciates the Examiner's time and attention provided during an interview given today and gratefully acknowledges the indication that claim 9 is allowable and that claims 2 and 8 would be allowable if rewritten into independent format. The Examiner also requested that tissue part(s) be changed to valve leaflet(s) in accordance with the foregoing amendment.
